

POWER TO LEAD THE WAY

Cargo

Aon Specialty caters for the complex risk management and transfer needs of the corporate sector worldwide. We offer world class intermediary capabilities in the marine, energy, power, mining, aviation, space, political risks, property and casualty sectors.

We have created a service which combines expert broking knowledge of each industry sector with the risk assessment, analysis, structuring and servicing capabilities to deliver the optimum result for each customer.

Our 'one team' approach enables us to match the right people to our customer's specific needs, drawing from a pool of experts worldwide.

Our flexible structure extends to the support functions which are critical to effective, streamlined and measurable service. Our claims, technical and financial support capabilities are an integral part of every customer's team.
